Re: Our Commitment During COVID-19

First and foremost, we would like to extend our heartfelt gratitude to the healthcare workers who continue to work courageously on the front lines through this pandemic. Your selflessness and strength are admirable and do not go unnoticed. Thank you to all essential workers who continue to travel to your location of work while many of us have transitioned to remote work. Secondly, our sincerest condolences to those who have been directly or indirectly impacted by the COVID-19 pandemic, our thoughts are with you and your families through this difficult time.

Amid this unprecedented global event, Legacy Group has taken extensive measures to ensure continuity of our business and the quality of our services. Although many factors have changed, Legacy has remained grounded through the core values on which the company was founded upon; our dedicated staff, our innovative technology and our partners.

We continue to be driven by our clients. Our goal remains simple; assist in the reopening of the industry we all love so much. Our team continues to stay active and work tirelessly to research innovative and relevant preventative solutions for our client base. Further, our team has been working vigorously to ensure that our operations continue to function at full capacity. While our team is remote, we have been able to continue to uphold our promise of exceptional customer service.

"The only thing I can say with certainty is that we all need to work together in order to succeed. As we prepare to reopen our country, let us not lose the unity we found in isolation."

Rich Kowalewski-Chief Financial Officer

Through this fluid situation, we are here for you now and always. Please feel confident contact us for a free consultation to review your current and future needs as our facility & design experts are here to help. Call: (844)453-4223 Email: info@legacyfms.com
